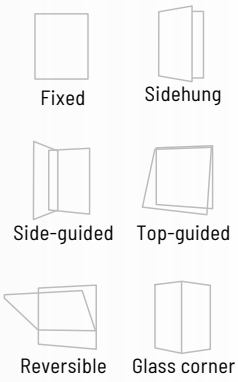
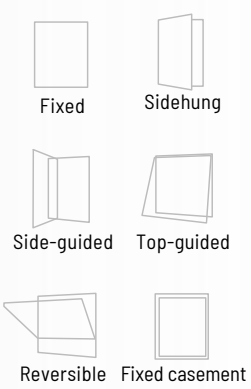
VELFAC 200

54mmcompositeframe, made of aluminum on the outside and wood on the inside, ideal for new build contemporary houses



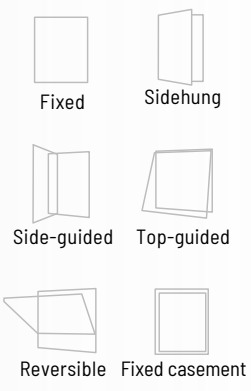
VELFAC RIBO alu clad / timber

Solid93mmframeinaluminiumcladwood,ortimber – suited to most property styles from modern to traditional



VELFAC Classic alu clad / timber

Crafted93mmframeinaluminiumcladwood,ortimber - ideal for heritage or country styled housing



VELFAC 200 windows

The VELFAC 200 System is a design icon, and the unique arrangement of frame means the sightlines are super-slim and identical for both opening and fixed lights alike.

This means that it is possible to create larger screens combining elements to create a modular architectural feature.

Triple glazing

Energy efficient = 0.82 W/m^{2}K

Rw 43dB **sound reduction**

Security – PAS 24 / Part Q and SBD compliant

Sightlines
54mm opening, 54mm fixed

Wind resistance Class C4 (1600Pa or 114mph wind speed - hurricane)

Water tightness 600Pa (70mph wind speed – violent storm)

12 years **product warranty**

VELFAC RIBO windows

VELFAC Ribo is a flush faced casement window with options for aesthetic glazing bars that can provide style solutions to suit most new-build housing types and styles.

Slim sightlines and flush casements provide an elegant look externally, and the internal wood frame creates a warm natural feeling to inside spaces.

Available in both aluminium clad wood, or timber only frames.

- **Double or triple** glazing
- **Energy efficient** = 0.77 W/m^{2}K
